

RAZA ALI KHAN**IT Governance | Technology Risk | Information Security | Regulatory Compliance**

Karachi, Pakistan | 03352336898 | razao32232@gmail.com

PROFESSIONAL SUMMARY

Technology Risk and IT Governance professional with experience supporting enterprise IT governance, technology risk management, regulatory compliance, information security, and audit initiatives within Pakistan's banking sector. Experienced in coordinating governance activities across Infrastructure, Networks, Databases, Applications, Backup, Storage, and Virtualization while ensuring compliance with State Bank of Pakistan (SBP) regulations and internal control frameworks. Strong understanding of IT General Controls (ITGC), Disaster Recovery, Business Continuity, ISO/IEC 27001, PCI DSS, Identity & Access Management (IAM), and Privileged Access Management (PAM). Adept at collaborating with technical and business stakeholders to strengthen governance, improve operational resilience, and support executive decision-making.

PROFESSIONAL EXPERIENCE**IT Governance, Risk & Compliance Executive****Faysal Bank Limited | February 2026 – Present**

- Coordinate enterprise-wide IT governance initiatives across Infrastructure, Networks, Databases, Applications, Storage, Backup, and Virtualization environments.
- Support State Bank of Pakistan (SBP) technology assessments by preparing governance evidence, compliance documentation, and regulatory submissions.
- Perform technology risk assessments, identify governance gaps, recommend remediation actions, and support executive risk reporting.
- Review IT General Controls (ITGC) and governance processes to ensure alignment with regulatory requirements and internal policies.
- Coordinate Internal and External Audit engagements by managing audit evidence, facilitating walkthroughs, tracking observations, and monitoring corrective action plans.
- Support Disaster Recovery (DR) and Business Continuity governance through validation of backup governance, replication architecture, and RTO/RPO requirements.
- Review governance controls related to Identity & Access Management (IAM), Privileged Access Management (PAM), database security, and Vulnerability Assessment & Penetration Testing (VAPT).
- Conduct End-of-Life (EOL) and End-of-Support (EOS) compliance assessments across enterprise infrastructure.
- Prepare governance dashboards, executive reports, compliance metrics, and management presentations for governance committees and senior leadership.

Information Security Intern**Raqami Islamic Digital Bank Limited | July 2025 – August 2025**

- Supported enterprise Information Security Governance within a digital banking environment.
- Assisted with Delinea Privileged Access Management (PAM) administration and access governance activities.
- Supported PCI DSS implementation, vulnerability management, and security control reviews.
- Participated in security documentation, compliance activities, and incident management processes.
